## AUTOMOBILES BURN IN FREIGHT WRECK

Fourteen Cars Of Merchandise  
Leave Tracks Of L. & N.  
—Smash Up At Delmar

Fourteen freight cars full of merchandise some with new automobiles en route to southern dealers were derailed at Delmar near White's Station, this county about 10 miles south of Richmond on the L. & N. railroad early this morning. Soon after the wreck, the derailed and smashed up cars started burning and it was thought that the entire cargo is endangered. All traffic has been blocked on this, the Cincinnati and Knoxville division of the road. The early morning train for the north, due here about 4 o'clock, has not yet come in and indications are that it will require some time to get the wreck cleared up, especially as attempts to check the fire at first seem unavailing.

Reports received in Richmond said that the wreck was caused by the flange of a wheel breaking. The car promptly jumped the track and 14 more piled up on and over it, causing a fearful smashup and tearing up the track for several hundred yards. So far as could be learned here, no member of the train crew was injured, however.

## BEER AMENDMENT LOST BY 100,000 IN OHIO

Columbus, Nov. 9.—Practically complete returns from Tuesday's election last night failed to make any changes in the indicated winners developed from returns received last night and early today.

With reports complete from 71 of the 88 counties and only 230 precincts missing in the incomplete counties, S. D. Fess, republican, had obtained a safe majority of 42,227 over Senator Atlee Pomerene in the contest for Ohio's second seat in the United States Senate. The vote was: Fess 765,361; Pomerene 723,134.

While Carmi A. Thompson, republican candidate for governor and personal friend of President Harding, had reduced the lead of his democratic opponent A. V. Donahue, to 13,769 in 71 complete counties and only 230 precincts missing, it appeared improbable that he would be able to overcome the lead.

The total vote in 7,916 precincts of 8,710 on governor was: Thompson 780,239; Donahue 794,108.

The wine and beer amendment took a downward pitch after the city vote had been counted and the dry rural votes began to roll in and last night apparently had been defeated by a 100,000 majority. The vote in 7,135 precincts out of 8,176 was: For 636,585; Against 739,391.

Democrats have elected six of their congressional candidates to 14 by the republicans.

### Clayhole Goes Democratic

Jackson, Ky., Nov. 9.—Clayhole precinct on Troublesome creek, the scene of a bloody battle on the 1921 election day in which four were wounded, was carried by the democrats by a vote of 50 to 14. This precinct has been divided since the 1921 election, and approximately 100 democrats have been put into another precinct. Breathitt county gave Congressman William J. Fields, democrat, a majority of 911 votes.

### Lancaster Hi Fighting For State Championship

Lancaster, Ky., Nov. 9.—The Lancaster High school squad are hard at work this week for the most important game on their schedule. Covington High comes to Lancaster Friday with one defeat. Hughes High of Cincinnati, defeated them 6 to 0. If Lancaster Hi defeats Covington and they in turn take care of Lexington the week following, the local team will be standing high in the column claiming state honors. Lancaster has not been defeated this season and they have run up 266 scores to 26.

### Michigan Repudiates

Newberry, Sm.  
Detroit, Nov. 9.—Former Governor Woodbridge N. Ferris, of Big Rapids, the first democrat in 70 years to be elected to the United States Senate from this state, continued to maintain his lead of approximately 17,000 last night over Senator Charles E. Townsend, republican, as further returns from Tuesday's election were received. With 2,596 of the 2,966 precincts reported, the vote stood: Ferris 274,186; Townsend 256,575. Governor Alex. J. Groesbeck, republican, and the state ticket won by majorities averaging two to one.

## CONTROL OF CONGRESS STILL MUCH IN DOUBT

New York, Nov. 9.—Control of the next House continued in doubt, with the republicans leading 214 to 203 on returns received up to 1 o'clock Thursday morning. The 16 remaining districts, scattered throughout the country, held the key to the necessary 218 majority, with the prospect that the final result might not be known until this afternoon with a half dozen votes the margin. The republicans held the Senate, but by a reduction of a half dozen votes, Republican casualties, which broke with the first returns of Tuesday, defeating Governor Miller and Senator Calder, of New York, continued with somewhat lessened force Wednesday as returns dribbled in. They told of further republican losses in the senate and house and governors and state legislators, although the belated congressional results were somewhat more favorable to the republicans.

Among the additional republican setbacks who went down to defeat definitely Wednesday on additional results were Senators Kellogg of Minnesota, beaten by Dr. Hendrik Shipstead, farmer-laborite, and Senator Townsend, of Michigan, the latter losing to former Governor Woodbridge N. Ferris, the first democratic senator to be elected from Michigan in 70 years. Also definitely defeated, by Senator Kendrick, democrat, was Representative Mondell, of Wyoming, republican floor leader, who aspired to the senate.

Senator Lodge, of Massachusetts, it finally turned out, had a plurality of 8,425 over his democratic opponent, Colonel Gaston, instead of the 1,945 reported early Wednesday. Through a transposition of figures in the Associated Press tabulation Senator Lodge's plurality was shown as being reduced to 1,945 and other news distributing agencies in some manner arrived at the same figures.

Loss of control of the senate by the republicans was not threatened, although they suffered a net loss of six. Eight republican senators were defeated, but this the party countered by defeating two democratic senators, Hitchcock, of Nebraska, and Pomerene, of Ohio. The republicans had carried 11 and the democrats 19 of the 35 senatorial contests. Of the five still in the balance, democrats were leading in all—Montana, Utah, New Mexico, West Virginia and Washington.

## TURKS PARALYZE BUSINESS IN SMYRNA

(By Associated Press)  
Smyrna, Nov. 9.—Commerce is completely paralyzed throughout Asia Minor. The banks of Smyrna are closing and the Kemalists have sealed vaults of most banking institutions because they would not furnish the Nationalist authorities a list of their Greek and Armenian accounts. Several American tobacco companies have suspended operations and are preparing to transfer their stocks to the United States. The only American firm continuing business is the Standard Oil Company.

## REPUBLICANS BARELY CONTROL HOUSE

(By Associated Press)  
New York, Nov. 9.—Continued republican control of Congress, but with the senate majority cut in two and the house majority of 160 slashed to scant handful appeared today as the net result of Tuesday's congressional elections with returns almost complete.

Tight races in a few undecided districts are not affecting the general result and delays in counting, however, threatened to postpone the final figures until tomorrow.

The latest figures show the next senate will have 52 republicans to 41 democrats; one Farmer-Labor, with the results in Washington and North Dakota still undecided.

Returns from all but three congressional districts where the results are still undecided at noon today, showed 224 republicans to 205 democrats, one Socialist, one independent and one Farmer-Labor elected to the new house.

## WANTS BEER AND WINE TAX TO PAY BONUS

(By Associated Press)  
Chicago, Nov. 9.—Soldiers' bonus bill with provisions that the bonus be paid by a tax on light wines and beer, will be reintroduced in Congress by Congressman Fred Britton, of Illinois, he announced here today. He said the addition for a beer and wine tax will be drafted to supersede the Volstead enforcement act definition of intoxicating liquors. Beer will be limited to four per cent alcoholic content and wines to 14 per cent, both by volume.

## DRIVE FOR HEALTH AND WELFARE BUDGET

League's Work During the Past  
Year Has Been Very Satisfactory  
In Every Way

Elaborate preparations are being made for the annual drive for the Health and Welfare budget which will be put on next Monday morning at 9:00. About a year ago the various philanthropic interests of Richmond were correlated under the Health and Welfare League and under this new plan the past year has been the most satisfactory in the history of Richmond.

A year's working or new plan justifies in the most emphatic way the organization, which through a very trying winter conducted the relief movements with the highest measure of success. Although the demands during the year have been unusual to tide over with the funds subscribed a year ago.

In the budget this year will be not only charity, health and relief funds, but also several hundred dollars for the completion of the funds for maintaining the public health nurse which has just begun her work in Richmond and Madison county. For years, a public health nurse has been one of Richmond's first needs, and through the cooperation of the State Board of Health, City Council, fiscal court and other local organizations, a public health nurse has been secured. The fact that Madison is to have this long standing need met will offer a special inducement for contributions in the coming drive from every citizen of Richmond. County teams will also present the matter in other centers of the county.

## VOLSTEAD LAW MAY BE MODIFIED

(By Associated Press)  
Washington, Nov. 9.—Proposals for legislation modifying the Volstead act with respect to the sale of beer and light wines, is regarded today at the Treasury as extremely likely as a result of Tuesday's election. Meanwhile, however, Secretary Mellon is reported as holding the treasury policy to strict enforcement to be continued unchanged until Congress acts, despite the expression of public opinion in several states.

(By Associated Press)

The republicans re-elected governors in Iowa, Minnesota, Michigan, Wisconsin and North and South Dakota.

### Control Very Close

(By Associated Press)  
New York, Nov. 9.—Whether the republicans will have six or seven votes over the necessary majority of 218 for control of the House of Representatives probably will not be known until tomorrow. One district, the Third Kansas, is delayed. With this district missing the republican strength is 224; democrats 207; socialist, independent and farmer-labor, one each.

### Ohio Governor Safe

(By Associated Press)

## WEBBER TALKS ON CITY TELEPHONES

The regular weekly meeting of the Rotary club held at the Hotel Glyndon was largely attended today and had as its special guest President O. R. Webber, of the Winchester Telephone system. The club voted unanimously to meet jointly with the members of the Exchange club on next Thursday evening at 6:30 in what will be known as "Ladies Night," each member of both clubs being expected to bring with him some lady and the fairer sex of the city will have an opportunity of seeing the workings of these two great public clubs which are doing so much effective work throughout the city and county.

## PLAN HISTORICAL PAGEANT IN JUNE

Exchange Club Arranges For Big  
Event To Help Raise Funds  
For New Hospital.

The regular meeting of the Exchange Club met in the Glyndon Hotel with President R. L. Telford presiding over almost the entire membership present. Exchange Club member was reported ill at his home on the Summit, and the Chair appointed Dr. Smoot to visit Mr. Donovan on behalf of the club and convey their sympathy.

A motion was introduced and unanimously carried that the Exchange Club meet in joint session with the Rotary Club at a dinner to be served by the Ladies of the Presbyterian Church in their beautiful church parlors. It was also suggested that the wives of the married members, and the lady friends of the single ones be invited to this dinner, which was unanimously carried.

The meeting was then turned over to a representative of the John B. Rogers Producing Co. of Fostoria, Ohio, who presented to the club the outline for a Historical Pageant his company wanted to sell to the club, whereby they would present to the people of Madison county and Richmond, through local talent, a complete history of the county from the creation up to now, and as final vision of this community as it will be if all people co-operate for the betterment of the community. After much discussion on this matter it was moved that the Club Board of Control be given full power to act as they saw fit, and that the proceeds from this Pageant be given to the new hospital fund that will be started here next year.

After adjournment of the Club, the Board of Control met, and all business details were entered into, and it was agreed that the Exchange Club sign contract with the John B. Rogers Co. for a pageant to be given in Richmond as near the first of next June as possible. It is sincerely hoped that the co-operation of all other clubs and ladies organizations in the city that the Exchange Club can give to the people of Richmond, Madison county, and all neighboring counties something they have never seen before, and at the same time derive from it a hands-on donation to the new hospital fund. The Exchange Club realizes to the fullest extent the great need for a better hospital for Richmond, and is going forward in a great stride to make a magnificent hospital possible. There will be said of this pageant in time to time as matters both large and small are worked out.

Lexington, Ky., Nov. 9.—The Wildcat team is preparing for its annual contest with the Vanderbilt Commodores next Saturday at Nashville. The Kentucky squad will leave Lexington tonight and arrive in Nashville Friday morning. The Cats will work out on the Vanderbilt gridiron some time Friday, indulging in a short signal and final pishing drill. As Vanderbilt held Michigan to a scoreless tie, and is touted as the best team in the South, the Cats will have a hard time to again start their victory string interrupted so rudely by Centre last week.

Democrats have no reason to complain of the results over the election in Kentucky. The re-election of a Democrat to the presidency in 1923 and a return to real prosperity and advancement for the country. In Kentucky everything is going to an overwhelming democratic victory and sweeping out of the republican administration at Frankfort next year. The 1st district did herself wonderfully proud of her vote. Congressman Gilbert has proven himself a real runner, polling the largest majority in years and years. It was a magnificent victory and should be satisfying to every democrat.

## EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and  
Lustre With Sage Tea  
and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

## Predict Church Will Soon Use Lots Of Publicity

Chicago, Nov. 7.—The church will soon be as conspicuous in newspapers as sports, crime, reviews of books or politics, declared the Rev. John T. Brabner Smith, chairman of the committee of publicity of the Chicago Church Federation, speaking today before the National Conference of Church Publicity.

"Sooner or later the church will apply Christianity to the public press, as it has applied it to labor and capital, to politics and social life," he said, "and it will then increase in editorial and news space with terrific strides."

Cohn says he must sell out at the old prices and don't care how high merchandise goes.

## FATTENING METHODS AFFECT SHIPPING LOSS

(By Associated Press)  
Chicago, Nov. 9.—The method of feeding and fattening hogs has a direct bearing on the loss of these animals in transit to markets, according to W. J. Embury, chief veterinarian here of the Western Weighing and Inspection Bureau.

Hogs which are forced to forage for their food develop much stronger hearts and lungs than those placed in a pen and given food to fatten them, he stated.

"This kind of treatment develops the digestive organs at the expense of the organs of respiration and circulation; the lungs and heart," he continued. "Organs develop only sufficiently to meet the requirements of the condition under which the animal lives."

"The function of the lungs is to purify the blood of the body and in the hog, perspiration being almost impossible, a large part of the excess moisture and heat passes off through them; a hog with undeveloped lungs will suffer more quickly and severely in hot weather than where that organ is well developed."

"The strain on these vital organs starts the minute the hog is exerted in removing it from the pen on its trip to the market. The hog pants and becomes short of breath and if not placed immediately in a cool place where it can return to normal, the hog will die of acute congestion of the lungs or other lung disease."

"Many shippers have used ice tung in bags from the roof of the car to make hogs more comfortable during transit in hot weather. The ice, distributed in six bags, has been found on actual test to last 30 hours in hot weather. The drip from the bags is scattered all over the car by the swinging and movement of the car and the cool air will settle downward, decreasing the temperature to some extent."

## DON'TS FOR HUNTERS WHEN SEASON OPENS

With the opening of the hunting season on November 15th, the Kentucky Game and Fish Commission at Frankfort is sending out a list of warnings for hunters based on the game laws of the state. They read as follows:

**DON'T SHOOT!**  
DON'T hunt off your own land, without license.

A fellow who hunts without a license is a cheater—see that he obeys the law.

Old King Coal may be a grand old soul, as merry as a dog without a flea; but he's gotta come through with at least a ton or two if he wants to make a hit with me.

Studebaker

It is not necessary to buy a high-priced roadster to get maximum comfort. Comfort is a matter of correct design. Comfort is built into the Studebaker Light-Six.

The seat is placed at just the right angle for relaxation and is provided with big, fat cushions, upholstered in genuine leather. The semi-clipitic springs are long, strong and resilient.

There is ample luggage space under the rear deck—plenty of room for everything you may want to carry.

Vibration, which is so destructive to motor cars, is practically eliminated by the perfect balance of the motor. This is largely due to the fact that the crank-

shaft and connecting rods are machined on all surfaces, an exclusive Studebaker practice for a long time, and the Light-Six price.

Economy of operation is increased by valves inclined at a 20-degree angle and by the internal hot spot.

This handsome roadster is a quality car throughout. It's sold at \$975 only because of cost-cutting in large volume, in one of the most modern and complete motor car plants in the world.

Middlemen's profits are thus eliminated, and the price is passed on to you.

The Light-Six Roadster will uphold Studebaker's 7-year reputation for dependability and dollar-for-dollar value.

### SUCCESS WHERE DOCTORS FAIL

Lydia E. Pinkham's Vegetable Compound Often Does That.—Read Mrs. Miner's Testimony

Churubusco, N. Y.—"I was under the doctor's care for over five years for backache and had no relief from his medicine. One day a neighbor told me about your Vegetable Compound and I took it. It helped me so much that I wish to advise all women to try Lydia E. Pinkham's Vegetable Compound for female troubles and backache. It is a great help to a young girl, as I have noticed a difference when I didn't take it. I thank you for this medicine and I have come to this point again I do not want to be without the Vegetable Compound. I give you permission to publish this letter so that all women can have my advice."—Mrs. FRED MINER, Box 102, Churubusco, N. Y.

It's the same story over again. Women suffer from abdominal pains. They try doctors and different medicines, but feel no better. Lydia E. Pinkham's Vegetable Compound and you can see its value in the case of Mrs. Miner.

That's the truth of the matter. If you are suffering from any of the troubles women have, you ought to try this medicine. It can be taken in any form, young or old, as it contains no harmful drugs.

R. will meet with Mrs. James W. Caperton Monday afternoon November 13th, the Regent Mrs. Kellogg presiding. All the members are cordially invited to be present without further notice.

### WESTERN NORMAL HERE MEET EASTERN FRIDAY

The strong Western Normal football team arrived in Richmond Thursday noon and worked out on the Normal field in the afternoon in preparation for their game here Friday with Coach Hembree's Maroon and White warriors. The Western coach is Diddle, a former Centre player who played with that team here against Eastern before the war. The visitors have a strong line-up, outweighing the locals about 20 pounds to the man. They have among their victim the University of Louisville and various other strong elevens in western Kentucky and Tennessee. They have what is said to be the best football team that ever represented Western.

However, the Eastern team will give a good account of themselves. Many believe there is a chance for victory. The situation resembles the one of two weeks ago when Eastern defeated Cumberland with heavy odds against them. This is the banner game in the local's card, an annual affair and a clash between two ancient enemies. Everything possible is going to be pulled to take the measure of these old rivals encouraged by their clean-cut victory over Cumberland, the locals may upset the dope bucket as they did then, and beat the herald warriors from the land of the setting sun. It is thought that the game will be witnessed by one of the largest crowds that ever saw a football game on the Normal field. Although handicapped by injuries Coach Hembree will send a strong eleven against Western. The probable line-up is as follows: Carr, C; Triplett, B; Spencer, L; Lewis, R; Lane or Baker, L; Covington, R; Ward, L; Captain Stone, O; Moberley, R; Harst, O; Long, L; Powell, F.

### LOST CAUSE PORTRAITS TO BE PUT ON SALE

(By Associated Press)  
Covington, Ky., Nov. 9.—Life size painted pictures of a number of distinguished Confederate generals and statesmen and a Confederate admiral will be put on sale in the office of Master Commissioner William J. Hind in the city hall here.

The paintings were made by E. F. Andrews, artist, in 1899 and 1900 on an order given him by the late General John C. Underwood who formerly resided here. The paintings, which have been declared by persons who have seen them to show exceptional ability for the artist, show the soldiers of the Confederacy in various poses.

The paintings include portraits of General Stonewall Jackson, General John C. Breckinridge, General Joseph E. Johnson, General Albert Sidney Johnson, General Stephen D. Lee, General Edward Forrest, General Isaac H. Harris, General Leonidas Polk and Admiral R. Semmes. Commissioner Hind said that he could feel highly elated if some Confederate organization would buy the collection.

The pictures were painted for the purpose of being sent to a Richmond, Va., institution, but legal complications arose and later Commissioner Hind came into possession of them. Mr. Hind is waiting for judgment of the court before placing them on sale.

### MADISON HI GOES TO MIDDLESBORO FRIDAY

Madison Hi will play one of her hardest football games of the season Saturday at Middlesboro with the fast high school eleven of that city. The date is Armistice Day so the Middlesboro people in effort to have a real game, picked Madison as their opposition. The locals are sure to give a good account of themselves as they seem to be improving rapidly although being unable to shake off bad luck and win a game. The Middlesboro team is a rather polished organization. They were defeated by Union College last week but scored two touchdowns on the Barbourville boys, giving them a real fight all the way. Last year Normal Hi journeyed to the same city where they had some difficulty in winning by a score of 7 to 0 but Madison hopes to out-do the Normal boys in their game there Saturday.

Coach Lassiter gave his charges a stiff work-out Tuesday sending them against a town team which they were lucky to beat by a 14 to 6 score. Early in the scrimmage the town boys plowed through the Madison line for a touchdown but failed to make the additional point. As the game progressed the locals held and managed to score two touchdowns. Coach Lassiter, in showing his men how it was done, broke through and recovered.
